U-TURN®

MOTOR MOVER L

Manual

Gebrauchsanweisung

Manuel

Allgemeine Hinweise

Bitte, lesen Sie vor Montage und ersten Gebrauch die Montageanleitung aufmerksam durch. Bitte, haben Sie Verständnis dafür, dass AceBikes keine Haftung für Folgeschaden übernimmt, die durch eine unsachgemäße beziehungsweise mangelhafte Montage entstehen.

Der U-Turn® Motor Mover ist nur zum Manövrieren gedacht. Lagern Sie das Motorrad auf dem U-Turn® Motor Mover nicht über einen längeren Zeitraum in angehobener Position. Lassen Sie den Hebel nach dem Manövrieren los, um das Motorrad auf den Boden abzusenken. Für die erstmalige Einstellung und Bedienung werden zwei Personen empfohlen.

Eine glatte Oberfläche zum Manövrieren des U-Turn® Motor Mover wird empfohlen

General advice

Please have a careful look at this assembly instruction before assembling and applying the product. Please understand, that Acebikes cannot be held responsible for any consequential loss or damage due to an improper assembly or use of the product.

The U-Turn® Motor Mover is designed for maneuvering only. Do not store the motorcycle on the U-Turn® Motor Mover in the lifted position for long periods of time. Release the lever after maneuvering to lower the motorcycle onto the floor. For first time adjustment and operation two people are recommended.

A smooth surface for maneuvering the U-Turn® Motor Mover is recommended.

Informations générales

Avant le montage et l'utilisation du produit, veuillez regarder soigneusement ce manuel d'installation. Veuillez comprendre que AceBikes ne peut être tenu pour responsable des dommages consécutifs à un montage ou une utilisation incorrecte.

Le U-Turn® Motor Mover est conçu pour les manœuvres uniquement. Ne rangez pas la moto sur le U-Turn® Motor Mover en position relevée pendant de longues périodes. Relâchez le levier après la manœuvre pour abaisser la moto sur le sol. Pour le premier réglage et la première utilisation, il est recommandé d'être à deux.

Il est recommandé de disposer d'une surface lisse pour manœuvrer le U-Turn® Motor Mover est recommandée.

Hauptstangeneinstellung

Main Beam Adjustment

Réglage de la barre principale

Das Rohr sollte unter den Hauptträger passen, wenn sich das Motorrad in angehobener Position auf dem U-Turn® Motor Mover befindet. Stellen Sie die Höhe mit den 4 Schrauben ohne das Motorrad auf dem U-Turn® Motor Mover ein.

The tube should fit under the main beam when motorcycle is in lifted position on the U-Turn® Motor Mover. Adjust the height with the 4 bolts without the motorcycle on the U-Turn® Motor Mover.

Le tube doit s'adapter sous le faisceau principal lorsque la moto est en position levée sur le moteur U-Turn® Motor Mover. Réglez la hauteur avec les 4 boulons sans la moto sur le U-Turn® Motor Mover.
